

January 14th, 2020

The Registrar's Report for January is not available due to the flux in membership during the SAR membership renewal period.

I can report that during the last Board of Managers meeting on January 10th, 2020, Treasurer Ted Fricke reported: *"At this time, there are 91 current members, of which 63 have paid, leaving the 28 members open."*

At this January 14th meeting, we welcomed into the Chapter - Dr. Richard Paul Keim. So our member count increased by one (1).

Registrar Tom Chrisman also reported: *"There were 4 applications that should be ready for submission by the next meeting with multiple supplemental applications in progress."*
